- **Joint Staff funding can make an immediate and meaningful impact.**

Joint National Training Capability

- **Nominated for Accreditation: PACOM "JTF Training Program"**
- **JNTC Events:**
  - **TERMINAL FURY 06 and beyond**

  - **CJCS STRATLIFT Funding**
  - **RCC O&M Budget**
  - **Service Incremental Funding**
  - **JWFC Budget**
- **When one is decremented, synergy at risk**
- **(EUCOM – “Align Funding w/ Operational Responsibility.”)**

JS/J7 JTSS Contract

- **Key enabler to PACOM's Joint Training Program**
- **PACOM has expanded the program**
- **Continuity is critical – people and contract**
- **PACOM satisfied with current team**

Proposed New PACOM CJCS Exercise

VIGILANT RESPONSE*

- Currently an OPLAN-related "operation"
- Joint Exercise Status gives it a JELC and COCOM direction
- No additional STRATLIFT requirements
- In staffing – request your concurrence

Issue – Individual Training

04PACOM01**:** USPACOM requires T2 funding to field a new Individual Training Branch, conduct formal needs assessment and to provide duty-specific Joint Action Officer courseware.

Discussion: PACOM has a long-identified need for a formal individual training program. In our ongoing reorganization to a J7 directorate, we have created an (unfunded) Individual Training Branch. COCOM-specific *training* will not replace, but will complement, formal JPME. Additionally, PACOM view is that JKDDC should focus on job-specific individual AO training as well as "joint education." USPACOM will accept T2 funding to serve as a COCOM sponsor to prototype Individual Training courseware.

Impact: Status quo of action officers requiring a significant portion of their joint tour of duty for "on-the-job training" will continue.

Submitted By: USPACOM/J71, Steve Simpson, Col, (808) 477-8220, dsn (315) 477-8220, steven.simpson@pacom.mil

Endstate: A funded Individual Training Branch with appropriate courseware, applicable in some measure to multiple commands, that enhances JPME while reducing new AO spin-up time.
